## **UCP Suffolk “Spa la Bration” Is a Great Success**

**Hauppauge, NY** -- Friends, supporters and participants from The Supported Employment Program at United Cerebral Palsy of Suffolk took time out of hectic holiday schedules for a bit of pampering and networking at Bocu Spa, in Commack. The event created a new opportunity for UCP Suffolk to partner with Long Island businesswomen in support of the programs and services UCP provides for persons with disabilities, while simultaneously providing a unique social interaction between women with and without disabilities.

Forty women selected spa package options from a variety of services. Over the course of the evening, the ladies enjoyed networking, relaxing in a soothing environment, and a light supper.

UCP Suffolk annually serves almost 4,000 children and adults only one third of whom have cerebral palsy. Our mission is to advance the independence, productivity and full citizenship of people with cerebral palsy and other disabilities.

Long Island businesswomen, with and without disabilities, support UCP Suffolk while they relax in a soothing environment and enjoy an evening of networking.

**About United Cerebral Palsy:** UCP Suffolk, based in Hauppauge, NY, provides services to 4,000 children and adults with disabilities annually throughout Suffolk County, sixty five percent of whom have a disability other than cerebral palsy.
