Brentwood High School Students Participate in Mentoring Program

Hauppauge, NY... Elsie Small and Andrea Serrano, 10th grade students from Brentwood High School, recently had an opportunity to shadow the staff of the United Cerebral Palsy Association of Suffolk's Rehabilitation program, through the LI Mentoring Partnership's Shadow Day. The students, interested in perusing a career in the field of medicine, were able to gain first hand experience and practical knowledge of the discipline by shadowing Linda Bollinger, Assistant Director of Clinical Services, as she provided participants with physical therapy services at the fully accessible UCP Health Center on Carleton Avenue in Central Islip.

About United Cerebral Palsy: UCP Suffolk, based in Hauppauge, NY, provides services to 4,000 children and adults with disabilities annually throughout Suffolk County, sixty five percent of whom have a disability other than cerebral palsy. The Children's Center offers early intervention, preschool and school age educational programs. Programs for adults include adult day services, job training and placement and residential opportunities. UCP also operates a comprehensive Health Center. For information, visit www.ucp-suffolk.org or call 631-232-0011.
